

STONEPOINT IN JAPAN

Vancouver, BC – November 16, 2005. James Borkowski and Kaz Okitsu recently returned from Japan after a very productive series of meetings and events. After 2 days of market research and field work in Tokyo, the two traveled south to Imabari City, Ehime Prefecture. There, StonePoint conducted senior management meetings with the Nihon Shokken executive team and their President and owner, Mr. Ozawa. The companies agreed on aggressive plans for growing their mutual business in 2006 while increasing production capacity and maintaining quality.

In a separate meeting, StonePoint presented Mr. Ozawa with a rare Canadian coin collection to commemorate the relationship between the two companies. Mr. Ozawa and Borkowski exchanged family gifts and discussed the importance of long term relationships between their companies and their families.

Later that evening in front of Mr. Ozawa and 250 executives and guests, Borkowski delivered a speech at the 35th annual Sapporo Beer Lovers Convention. His message of a common commitment to quality and service was well received by those in attendance. Borkowski stated afterwards, "It is always an honour to meet with Mr. Ozawa and the Nihon Shokken team. They are incredible partners and we have learned a lot from seeing them operate. Their commitment and support have been instrumental in StonePoint's growth and we look forward to new ventures with them in the near future."

Since their return, StonePoint has been working hard on responding to Nihon Shokken and other customer requests for new products and initiatives.

About StonePoint
