

StonePoint Reports Continued Growth in Third Quarter

Vancouver, BC November 30, 2006

StonePoint Global Brands Inc. (“StonePoint” or the “Company”) (TSXV: SPG) is pleased to announce its third quarter results for the period ended September 30, 2006. Revenues increased 139% to US\$2,505,090 over the same period in 2005 with gross margins increasing to 25.5% (vs. 23% for 2005). SG&A expenses rose to \$688,229 from \$344,093 in 2005 due to the Company’s significant investments in new product and business development. Net income for the quarter was a loss of \$71,845 before provisions for taxes compared to a loss of \$326,412 for the same period last year. Sales for the first 9 months of 2006 total US\$5.7 million, compared to \$2.55 million in the same period in 2005.

James Borkowski, StonePoint CEO stated. “We are very pleased with the progress made during the third quarter. Significant investments made to increase capacity and launch our new hospitality division have reduced YTD profits but management is confident that the stage is being set for accelerated growth and increased profitability in 2007. Exports of our core products to Japan continue to grow and increased capacity and efficiencies will allow this trend to continue.”
